Explain Everything - 7 Week Project Group

Instructors: Serena Yoakum & Bethany Johnston

Emails: yoakum35@osu.edu, johnston.837@osu.edu

Phone: Serena (440-759-1000), Bethany (304-907-5523)

Location:

https://osu.zoom.us/j/95484476083?pwd=VjdKa1ZJQW04VDUyODZzcXhMOWdBdz09

Meeting ID: 989 4738 3879

Passcode: 750328

Days and Time: Mondays at 5 pm

Texting Policy:

You can contact us via text if you have questions about the lessons or assignments. Please only text us from 8 am - 8 pm. We will respond as soon as we can.

Learning Objective:

To learn how to use Explain Everything in and outside of the classroom, for presentations, creative endeavors, and interactive projects.

Course Expectations:

➔ Points: This course is a way for you to maintain membership in the Scholars program by receiving points for attendance and participation.

➔ Attendance: You get _**one**_ absence. This doesn't matter if it's excused or unexcused. Use this wisely...or don't.

➔ Late Work: No late work will be accepted. This class is only seven weeks long and we are also students.

Homework:

Four smaller projects and one final project will be assigned.

Grading Scale:

Attendance: 30% (5 points per week, because one absence is allowed)
Weekly projects: 40% (10 points per project)
Final project: 30%

Participation, Attendance, and Tardiness:

Students are expected to come to class on time, work on projects when given class time, participate in exercises, and give suggestions during critique.

If you are late, your grade will be impacted. Two tardies will equal one absence. However, if you are more than 10 minutes late to class, you may be counted absent. Also, if you come to class without the iPad, you may be counted absent on that day at the discretion of your instructors. If you don't have your iPad, we still encourage you to attend in order to learn the lessons and receive assignment instructions. There is a website version of Explain Everything that will allow you to follow along with the lesson on your laptop: https://whiteboard.explaineverything.com/

Course Calendar:

Week	Date	Topic	Homework (Due)
1	10/18	Class Overview and Basics
